

RM Rail Engineering Ltd Management System Safety Policy– MP002

RM Rail Engineering Ltd is a supplier of Rail Engineering Consultancy services to the UK rail industry, specialising in rolling stock.

This Safety policy outlines the duties and obligations of company stakeholders regarding a safe working environment.

This Safety Policy is put in place to ensure the safety of all the employees, contractors, and any authorised visitors on the company's premises. The company fully accepts any rules and regulations enacted by the legislature. The company's Managing Director will conduct an annual follow-up on the policy and report its effectiveness.

Obligations

Rm Rail Engineering Ltd is fully committed to ensuring a safe and healthy environment. To do so, the company will take all necessary and possible measures to remove any hazards or risks. Further, the company will ensure that all its operations are carried out safely and do not pose any danger to either employees, visited site workers or the public.

Company Responsibilities

The company will ensure the following to provide a safe and healthy environment:

- Ensure a safe work environment.
- All its tooling & equipment are up to date
- Provision of safety facilities for workers
- The company will provide periodic safety training
- Provide information and instruction regarding health and safety
- Listen to workers' complaints about health and safety and co-operate with them

Employee Responsibilities

The employees have the following responsibilities:

- The employee, to their maximum capacity, will adhere to the safety practices
- They will ensure reasonable care of themselves and any other affected parties
- Participate in training
- Wear protective equipment while working
- Report any safety issue immediately
- Read and comply with any induction instructions provided on 3rd party premises

RM Rail Engineering Ltd Management System Safety Policy– MP002

General

- It is everyone's responsibility to keep exits, hallways, and corridors clear at all times.
- Any suspected hazard or violation of safety measures must be reported immediately.

Application

The company seeks the cooperation in this policy. The objective of this policy is to create a safe environment with zero accidents.

This policy applies to all the operations related to the company and in situations and places where employees are authorised to work.
